1 PROCESSING FEES

University of the People's mission is to offer an accessible, quality education to any qualified student—that's why we're tuition-free.

In order to remain sustainable, we charge small fees for applications, credit transfers, and course assessments. Fees are subject to change and are always the responsibility of the student. This includes any additional banking fees related to credit cards, checks, money transfers, etc.

Below you can read about some of the fees you'll encounter as a student at UoPeople.

1.1 Application Fee

Applicants pay a one-time, non-refundable Application Fee of \$60. This fee must be paid at the time the application is submitted.

For more information please view the **<u>UoPeople Catalog</u>**.

1.2 Transfer Course Fee

- Transfer credit evaluation requests are free. Once evaluated and approved, UoPeople charges a fee of \$17 for each approved course you request to transfer.
- Transfer credits will be officially added to your UoPeople transcript only after all Transfer Course Fees (\$17 per requested approved course to be transferred) are paid.

1.3 Course Assessment Fee

At the end of each course, students must pay a Course Assessment Fee to receive credit for the course. Payment windows open each term on Thursday of Week 5 and close on Sunday of Week 9. If Course Assessment Fees are not paid within this window, students will be put on Financial Hold.

1.4 Document Request Fee (\$15 per transcript, \$25 per graduation documents)

Students can request official transcripts or documents proving their graduation status.

Should an academic transcript need to be authorized by an external agency, it is the student's responsibility to pay any included fees. There are three primary types of attestation processes: Notarization, Apostille, and Federal Authentication.

1.5 Attestation Fee (Notarization \$30, Apostille \$120, Federal \$175)

Attestation Process Types:

A. Notarization:

- Notarization is a type of attestation where documents are certified by a notary public.
- This process typically takes place at a notary office.
- The typical cost for notarization is \$30.

B. Apostille:

- Apostille is a specific form of international document authentication recognized by participating countries.
- In the U.S., this process is handled by each state's Secretary of State.
- The typical cost for an apostille is \$120.

C. Federal Authentication:

- Federal Authentication is often required for international purposes, particularly when dealing with federal-level documents.
- The cost for Federal Authentication varies.

It's important to note that the attestation process and requirements can vary between countries, institutions, and the individual student.

1.6 Special Letter Fee (\$12)

A letter written to student specifications. The letter can include information about the student's fee, program, or other topic as requested by the student. Requests of a sensitive nature will be reviewed on a case-by-case basis.

1.7 Duolingo Fee (\$59)

Duolingo charges a fee for students using their services to show their English proficiency.
